Adventure days in the Moselland

Three times a year, the Moselle region provides truly Arcadian conditions for cyclists and hikers alike. This is when the riverside roads become a car-free zone, giving you an opportunity to intensively experience the „Moselland“ as an ideal landscape for cycle tours, completely unbothered by motorized „competitors“. Every year, the associations, hoteliers and restaurants along the respective routes spare no effort in catering to cyclists large and small, irrespective of whether they nurture sportive ambitions or prefer to take things at a rather more leisurely pace.

SAAR PEDAL (20TH OF MAY 2018)

“Saar Pedal” will open up new zero-emission perspectives from 10 am to 6 pm, on 40 kilometres of road connecting Konz and Merzig. Live music, stunts, show acts, plenty of music and dancing ensure additional momentum; the locations can also be reached by special trains.

HAPPY SCHRUMPFTAL (27TH OF MAY 2018)

“Happy Schrumpftal – Schromb macht Spass” or „Happy Schrumpftal Valley – Schromb is Fun“ is the motto of an „Erlebnistag“ event held every two years between Münstermaifeld-Metternich and Hatzenport by the Moselle. A sum total of 15 former mills are seeking to surprise their visitors with delicacies, music and other activities on a 5 kilometre route.
