

# DUCATI Pantah 500SL

## LEGEND

- |    |   |    |  |
|----|---|----|--|
| 1  | Headlight   | 21 | Rear stop switch                         |
| 2  | H4 - 12V-55/60W bulb                              | 22 | Side stand warn light switch (on demand) |
| 3  | 12V-3W parking light                              | 23 | Neutral gear warn. light switch          |
| 4  | 6-pos headlight connector                         | 24 | 12V - 42W flash device                   |
| 5  | 12V-21W RH front flasher                          | 25 | Electric start motor solenoid            |
| 6. | 12V-21W LH front flasher                          | 26 | Electric start motor                     |
| 7  | 14-pos. dashboard connector                       | 27 | 12V-5/21W tail light - stop - plate      |
| 8  | Miles or Km. speedometer                          | 28 | 12V-21W rear flasher                     |
| 9  | Rev. counter                                      | 29 | 12V-21W front flasher                    |
| 10 | Safety key switch                                 | 30 | Pick-up                                  |
| 11 | 3-pos.. connector for RH control                  | 31 | Verical cylinder electronic device       |
| 12 | RH control: electric starter - emergency switch   | 32 | H.T. coil of vert. cylinder              |
| 13 | 9 - pos. connector ro R.H. control                | 33 | Vertical cylinder resistance             |
| 14 | L.H. control: lights - flashing - flashers - horn | 34 | Vertical cylinder spark plug             |
| 15 | MOTOPLAT Voltimeter                               | 35 | Horizontal cylinder electronic device    |
| 16 | Horn  | 36 | H.T. coil of horizontal cylinder         |
| 17 | Fuse box  | 37 | Horizontal cylinder resistance           |
| 18 | 12V electronic bridge regulator                   | 38 | Horizontal cylinder spark plug           |
| 19 | YUASA YB 14L/A2 - 12V - 14Ah battery              | 39 | Oil pressure switch                      |
| 20 | Front stop switch                                 | 40 | 12V-200W alternator                      |

## CABLE CODES and COLOURS

- |     |               |      |                |
|-----|---------------|------|----------------|
| B   | = Blue        | Bn   | = Brown        |
| BK  | = Black       | R-Bk | = Red-Black    |
| R   | = Red         | W-R  | = White-Red    |
| W   | = White       | W-Bk | = White-Black  |
| Y   | = Yellow      | O-Bk | = Orange-Black |
| G   | = Green       | B-Bk | = Blue-Black   |
| L-G | = Light green | G-Bk | = Green-Black  |
| O   | = Orange      | B-R  | = Blue-Red     |
| Gr  | = Grey        | V    | = Violet       |
